

an NTT DATA Company

everis SAP business unit products & assets

As a SAP Partner and in the sphere of the Partner Packaged Solutions, we offer a set of consulting services and accelerators to help our customers move onto S/4HANA by being able to measure impacts, adopt the advantageous newness and minimise risks and costs.

What is it?

everis quick calendar enables human resources to update employees' work calendars autonomously, simply and flexibly, considerably reducing the company's costs associated with the process.

It is a product that is the benefit of the experience of everis in work environments where work calendar management is a key process for the organisation of human resources and has a high impact on the distribution of employees' work burden.

everis quick calendar enables the SAP HCM user to generate work calendars in SAP for the target year, almost completely reducing cooperation needs on the part of the SAP maintenance team.
